

THREE RIVERS TESOL: 2020 EXECUTIVE BOARD ELECTIONS

Consider taking a leadership role in the field!

If you are interested in running for a position on the Three Rivers TESOL Executive Board, **submit the following information to the 3RT President at president@threeriverstesol.org before March 18th, 2020.**

- first and last name
- title
- affiliation
- a brief 50-word statement to be included in the voting system.

The 3RT Executive Board is comprised of volunteers, typically those serving the ESL/EFL community, filling the following offices:

Position	Commitment	Contact
President	1 yr. (not typically elected; filled by rising Vice President)	president@threeriverstesol.org vp@threeriverstesol.org pastpres@threeriverstesol.org
Vice President	1 yr. initially (followed by year-long commitments as President and Past President)	
Past President	1 yr. (not elected; filled by exiting President)	
Secretary	2 yr.	secretary@threeriverstesol.org
Treasurer	2 yr.	treasurer@threeriverstesol.org
Webmaster	2 yr.	webmaster@threeriverstesol.org

Elections will be held in 2020 for the position highlighted in bold.

- Vice President: The Vice President ‘learns the ropes’ to become president and has first choice to attend TESOL Advocacy summit when funding is available.

The Vice President chosen this year will be the 3RT President in 2022 when International TESOL is in Pittsburgh! This is an exciting opportunity to lead the local 3RT Affiliate and interact with the larger TESOL organization.

If you are interested in running for a position, feel free to contact current board members with your questions at the addresses included above.

Three Rivers Teachers of Speakers of Other Languages (Three Rivers TESOL) serves the Central and Western Pennsylvania area and is an affiliate of International TESOL. The organization’s goals (modified from the 3RT constitution: See Constitution of Three Rivers TESOL Association under “About” at <https://threeriverstesol.org/wp/>) include stimulating professional development in the area, encouraging and improving teaching of ESOL in the area, establishing national contacts through affiliation with TESOL, and providing opportunity for group study/discussion of problems. To achieve these goals in practical terms, the board hosts the annual fall conference and spring seminar, awards grants, and explores new initiatives, for example.
